

{ A few comments from delighted wine.woot.com consumers }

"This stuff is freaking amazing. I made truffle buttered popcorn topped with grated asiago this past weekend. Best. Popcorn. EVER. And a little butter goes a long way. It's a super shortcut to easy dinners, too. A little shrimp and pasta tossed in a bit of butter topped with fresh ground black pepper and grated cheese is elegant and easy! I just keep all of it in my freezer, hacking out a portion as I need it. Amazing stuff." Jan 25, 2011 2:42 PM

"Finally! I've only been waiting like 4 months to pick some more up. I was worried that it wouldn't be in stock again until the cooler temperatures came back."

"Ordered this the last time it was offered and it is awesome! Havarti, artisan bread and this stuff makes the worlds best grilled cheese." Apr 24, 2012 2:43 PM

"Thank You Woot Gods! I have been waiting through 3 wootoffs for this, wanted it for Father's Day Gifts. This butter is awesome!+

"i like the white butter to make a white wine reduction for light butter seafood pasta... or between the morning toast and egg over easy..."

**"This is the Brandini of butter!"**

"It's absolutely delicious. Don't even balk at the price since it will last you a long time. A little goes a long way when using this stuff."

"I've only used the white truffle butter so far and it's SO GOOD. In fact, it's SOOOOOOOOOO GOOD. It makes asparagus - which I like normally - into a *culinary symphony*." Jul 19, 2012
